We offer foster care in Manchester

Sparks Fostering is based in Manchester, and there is a meeting space for foster carers and staff in Deansgate Square (next to Deansgate Station in Manchester).

Manchester is a large, highly populated city, with a high need for foster carers and fostering staff. It is a diverse city, and proudly so. Sparks Fostering is also proud of being a diverse fostering provider, and we love to keep learning about the different cultures and ethnicities within the city. Sparks Fostering invites people from all over Manchester to learn about fostering and think about whether they are join us in offering care to the children looking for fostering homes.
The Registered Manager and Responsible Individual for Sparks Fostering both live in Manchester and are involved in supporting the Manchester based foster carers.

It is important to Sparks Fostering that our Manchester based carers and children looked after build strong relationships with each other; therefore, we meet our carers and children regularly at child-friendly locations such as the Museum of Science and Industry, the Manchester Art Gallery, Whitworth Gallery, Manchester Library, Jodrell Bank and Manchester Museum. These opportunities allow staff, foster carer and the children looked after to have positive experiences together and helps us to grow our bond as a fostering community.

The areas covered by Manchester local authority

We look after children who are in the care of Manchester local authority, and we work closely with social workers from Manchester local authority to ensure that we offer the best possible care to the children.

Manchester local authority asks Sparks Fostering to place children with foster carers from all areas of Manchester, including:

- Ancoats
- Ardwick
