Join the Sparks Fostering team

Sparks Fostering recruits foster carers throughout England.

There's a national shortage of foster carers because it's very difficult to find suitable foster families. Sparks Fostering invites the public to join us in our attempts to find suitable families and we compensate people for their efforts. Recruitment can be carried out informally, or with the support of Sparks Fostering.

Direct referral or application: Fostering applicants who see an advert or promotion from Sparks Fostering and apply directly are given a bonus of £2,000 after 3 months of fostering. If they are referred by someone else, the referral fee is given to the person who made the referral.

Promote Sparks to your organisation: If you're an employer or organisation with staff, volunteers, or regular attendees and if you're willing to share information about Sparks Fostering with your members,

you can split the referral fee however you see fit. So for example, you may wish to give £1000 to yourself and £1,000 to applicants or referrers.

To make a referral, email info@sparksfostering.org, or complete the form below.
